What is SMAAC?

Join us
for the fourth
annual Summer
Music and Arts Camp!

This week will be filled with musical and
arts activities for exploring and learning
musical, worship, and arts concepts at
age-appropriate levels.

Children participate in various classes,
such as choir and other special interest
classes for further enrichment.
Although they will present a
mini-musical at the end of the week,
the main emphasis is on learning,
discovering, and experiencing the
arts in ways that can be used in
worship and praise in a fun way!

We offer children an opportunity
to experience many ways to
serve the Lord!
